Claim Objections

Claims 2-10 and 12-20 were objected to due to an informality in the claim preambles. The claims have been amended by replacing the term "activator" or phrase "activator compound" with --catalyst system--.

The Applicant requests that this Objection be withdrawn in light of these amendments.

Section 112, ¶ 2 Rejections

Claims 1-22 were rejected under 35 U.S.C. § 112, ¶ 2 as being indefinite. The Applicant herein amends claims 1, 11, 21 and 22 by introducing the phrase --wherein Y is a heterocyclic group comprising the at least one heteroatom J—to better describe the nature of the "JY" species, and the identity of "Y". This explanation is derived from the specification as filed at, at least, page 3, paragraph [0040]. No new matter is added.

It is submitted that the case is in condition for allowance. The applicant invites the Examiner to telephone the undersigned attorney if there are any other issues outstanding which have not been presented to the Examiner's satisfaction.
